1. Common Idiomatic Expressions

Idioms are phrases whose meanings aren't deducible from the individual words. For example: - "Break the ice" – To initiate conversation in a social setting. - "Hit the nail on the head" – To describe exactly what is causing a problem. - "Bite the bullet" – To endure a painful or unpleasant situation. Phrasal verbs combine a verb with one or two particles (prepositions or adverbs) to create new meanings: - "Look up" – To search for information. - "Turn down" – To refuse or reject. - "Give in" – To surrender or yield. Mastering phrasal verbs is crucial for conversational fluency, as they are frequently used in everyday speech.

3. Collocations and Set Phrases

Certain words tend to go together, forming collocations, which sound natural to native speakers: - "Make a decision" (not "do a decision") - "Take a break" - "Heavy rain" (not "strong rain") Incorporating collocations enhances the authenticity of your spoken English.
